Immersive  
Audio formats  
in their full glory.

## HARNESSING POWER

A perfect companion to our brand new Altitude<sup>16</sup> and made with the most demanding users in mind, our new 8 channel amplifier brings intelligent power and pristine audio quality at a sensitive price point without any compromise in terms of design and build quality.

## Intelligent Power

- Micro-processor control for turn-on delay.
- Automatic AC Voltage recognition & configuration.
- 200w/ch RMS @ 8Ω; 300w/ch RMS @ 4Ω .
- Hypex N-Core NC-500 Class D amplifier modules.

## Pristine Dynamic Rendering

- Intermodulation Distortion: Less than 0.03%.
- Signal to noise ratio: 123 dB referenced to rated output.
- Frequency Response +0/- .5 dB, 5 Hz to 20 kHz.
